

# 纪念张香桐先生学术研讨会暨铜像揭幕仪式

## 日程安排

主办单位：中国科学院上海生命科学研究院神经科学研究所

会议日期：2012年11月26日至11月27日

会议地点：上海市岳阳路320号

**2012年11月26日（周一）**

**地点：生科大楼礼堂**

**08:30 – 08:40**

蒲慕明（神经科学研究所所长）致开幕词

*Session I: Progress in Signal Processing (Chair: Daofen CHEN 陈道奋)*

08:45 - 09:00

朱俊 (Julius ZHU)

University of Virginia, USA

Title: *60 years of the dendritic potentials discovered by Dr. H-T Chang*

09:00 - 09:15

周志上 (Zhi-Shang ZHOU)

National Institutes of Neurological Disorders and Stroke, NIH, USA

Title: *Spatiotemporal coding of odorant concentration in the olfactory bulb of mice*

09:15 - 09:30

李红胜 (Hong-Sheng LI)

University of Massachusetts Medical School, Dept. Neurobiology

Title: *Glial regulation of Drosophila visual signaling*

09:30 - 09:45

陈南晖 (Nan-Hui CHEN)

中国科学院昆明动物研究所

Title: *药物成瘾人员快速检测技术的研究*

09:45 - 10:00 讨论 (Session I: Progress in Signal processing)

10:00 - 10:15 茶歇

**Session II: Membrane Proteins and their Functions (Chair: Jian YANG 杨建)**

10:15 - 10:30

夏军 (Jun XIA)

Hong Kong University of Science & Technology

Title: *Protein trafficking: mechanism and disease*

10:30 – 10:45

李岩 (Yan LI)

Harvard Medical School, USA

Title: *Identity of endogenous NMDAR glycine site agonist is determined by synaptic activity level*

10:45 – 11:00

高文军 (Wen-Jun GAO)

Drexel University College of Medicine, USA

Title: *Probing the role of NMDA receptors in prefrontal cortical development and psychiatric disorders*

11:00 – 11:15

杨建 (Jian YANG)

University of Columbia, USA

Title: *An odd TR(i)P to the world of polycystin/ion channel complexes*

11:15 – 11:30 讨论 (Session II: Membrane Proteins and their Functions)

**Session III: Progress in Pain Research (Chair: Chun-Su YUAN 袁钧苏)**

13:30 – 13:45

徐广银 (Guang-Yin XU)

苏州大学

Title: *Epigenetic regulations of chronic pain*

13:45 – 14:00

魏锋 (Feng WEI)

University of Maryland, USA

Title: *Descending serotonin and its spinal receptors: on the road to chronic pain relief*

14:00 – 14:15

陶元祥 (Yuan-Xiang TAO)

Johns Hopkins University School of Medicine, USA

Title: *Discovery of native long non-coding RNAs and their functions in neuropathic pain*

14:15 – 14:30

宋学军 (Xue-Jun SONG)

Parker Research Institute, Parker University

Title: *EphrinB-EphB receptor signaling: a new therapeutic target for treating pain after nerve injury, bone cancer and morphine withdrawal*

14:30 – 14:45

袁钧苏 (Chun-Su YUAN)

University of Chicago, USA

Title: *From pain research to a new drug development*

14:45 – 15:00 讨论 (Session III: Progress in Pain Research)

15:00 – 15:15 茶歇

**Session IV: Mechanisms of Brain Disorders (Chair: Dong-Xian ZHANG 张东贤)**

15:15 – 15:30

吴谷盛 (Gu-Sheng WU)

New Jersey Medical School, USA

Title: *GM1 ganglioside-deficient mouse as a model of Parkinson's disease.*

15:30 – 15:45

周福民 (Fu-Ming ZHOU)

University of Tennessee College of Medicine, USA

Title: *Regulation of basal ganglia neurons*

15:45 – 16:00

蔡怀彬 (Huai-Bin CAI)

National Institute on Aging, NIH, USA

Title: *Molecular determinants of midbrain dopaminergic neurodegeneration in Parkinson's disease*

16:00 – 16:15

庄晓曦 (Xiao-Xi ZHUANG)

University of Chicago, USA

Title: *Dopamine, economic decision making and thrifty genes*

16:15 – 16:30

王军 (Jun WANG)

Ernest Gallo Research Center, UCSF, USA

Title: *Alcohol and glutamatergic plasticity in the dorsal striatum*

16:30 – 16:45 讨论 (Parkinson disease)

16:45 – 17:00

柯尊记 (Zun-Ji KE)

Institute for Nutritional Sciences, SIBS, CAS

Title: *Thiamine Nutrition and Alzheimer's Disease*

17:00 – 17:15

仇子龙 (Zi-Long QIU)

Institute of Neuroscience, SIBS, CAS

Title: *Molecular insights into autism spectrum disorders*

17:15 – 17:30

张东贤 (Dong-Xian ZHANG)

Sanford-Burnham Medical Research Institute, USA

Title: *Activation of type I interferon stimulated genes in brain injuries*

17:30 – 17:45 讨论 (AD, Autism and other diseases)

**2012 年 11 月 27 日 (周二)**

***Session V: Brain Disorder and Translational Research (Chair: Chun JIANG 姜淳)***

**地点: 生科大楼礼堂**

08:30 – 08:45

寿建勇 (Jian-Yong SHOU)

诺华(中国)生物医学研究有限公司

Title: *Epigenetic regulation of mouse embryonic stem cell differentiation*

09:00 – 09:15

姜淳 (Chun JIANG)

Georgia State University

Title: *Brainstem Defects in the Breathing Irregularity of Rett syndrome*

09:15 – 09:30

张凯明 (Kai-Ming ZHANG)

Allergan Inc. 眼力健

Title: *Deficit in sweep VEP threshold following periodic administration of intravitreal hrVEGF<sub>165</sub> in monkeys*

09:30 – 09:45

陈力(Li CHEN)

University of California San Francisco

Title: *Translational study of Deep Brain Stimulation for treatment of neurological diseases*

09:45 – 10:00 讨论 (Session V: Brain Disorder and Translational Research)

张香桐先生铜像揭幕仪式

地点: 320 大院新实验大楼门厅

11:45 – 12:15 张香桐先生铜像揭幕仪式
